SHIP will be closed on Monday September 7 For Labour Day

Labour Day Fun Facts

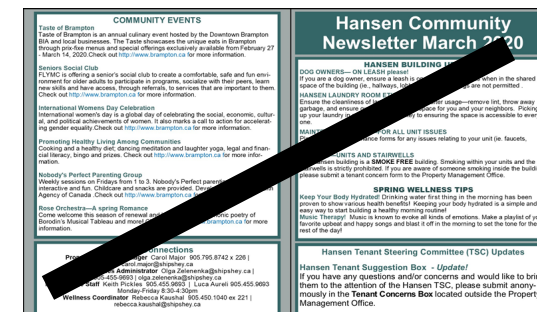

Labour Day in Canada began in 1872 in Toronto but quickly made its way south to the U.S. Originally it began as a significant demonstration demanding rights for workers.

Labour Day began as a demonstration for workers rights but is modernly seen as an opportunity to celebrate the last day of summer.

The first U.S. Labour Day was celebrated on Tuesday, September 5, 1882 in New York City, planned by the Central Labor Union. The Labour Day parade of about 10,000 workers took unpaid leave and marched from City Hall past Union Square uptown to 42nd street, and ended in Wendel's Elm Park at 92nd Street and 9th Avenue for a concert, speeches, and a picnic.

Due to the ongoing COVID-19 outbreak, **all programming at Hansen is postponed until further notice.**
