

From the SHIP Team

We are proud partners in Dufferin County working to bring an end to homelessness through the provision of affordable housing.

As an accredited organization, SHIP is committed to quality services, programs and housing for clients.

Accreditation is an effective way to examine and improve the **quality** of our services against national standards of quality excellence.

The accreditation program is voluntary and is recognized by provincial and federal funders of health services.

236 First Street Project Update

Work has started on the motel renovation bringing us closer to 27 new homes in Orangeville.

Fences around the property / building are up

Bins are on site to support keeping the property clear.

- Interior item removal and storage in progress
- Landscaping & finishing designs will be shared with the community for input

Share property concerns

Community Advisory

An opportunity to

SHARE, LEARN and INFORM

The purpose of the **236 First Street Community Advisory Committee (CAC)** is to contribute to the success of the tenants who reside in the First Street apartment building and to ensure that the building is a positive element in the community. SHIP is committed to working with the community, program residents, community stakeholders and members of local Council to enhance the integration process and proactively identify and resolve any real or perceived concerns.

The Committee meets regularly on the last Monday of the month and will provide updates to the Community through this Newsletter.

The role of the Committee is advisory only and does not have any direct authority but can provide input into the direction of the project. Recommendations, feedback or queries by the 236 First Street Community Advisory Committee will be brought to the attention of the Project Team.

The Committee's Guiding Principles

Partnership

We will work in partnership to develop the property.

Supportive

We understand the impact that housing can have for residents and communities and we strive to accommodate their needs and provide timely information.

Collaborative

Every effort will be made for local communities to provide input during the process.

Committee will be comprised of:

Community, business, partners, SHIP, OPP & Orangeville and Mono council members.

Equity, Diversity and Inclusion Statement

SHIP is committed to ensuring that our organization is an equitable, diverse and inclusive workplace that reflects our values as an organization and the diversity within our community.

GO Vaxx comes to 236 and Hits a Home Run!

The Vaccine
Our Best Shot

On January 13, 190 Dufferin residents received the COVID vaccine.
